

MUSTAFA ABDULKAREEM SALMAN ALNUAIMI

**Web Applications Developer | Information Security Consultant | Cybersecurity Analyst |
SecDevOps Associate | IT system Engineer | Web Application Security Engineer**

House No. 21, Alley 3, District 714, Zayouna, Baghdad, Iraq | +9647706088444

LinkedIn: [Mustafa Abdulkareem Salman Alnuaimi](#) | mustapha.ak1989@gmail.com

OBJECTIVE

Results-driven Computer Engineer specializing in Information Technologies and Cybersecurity. Proficient in replacing traditional paper-based workflows with secure, automated digital services. Experienced in secure web applications, networking, system hardening, and security program management. Completed CompTIA Security+ (SY0-701) training, with hands-on experience in applying security principles to real-world enterprise environments. Seeking to contribute to innovative IT security projects in governmental or corporate sectors.

SKILLS AND ABILITIES

Web Development:

- Front-End: HTML, CSS, JavaScript, React.js, Bootstrap
- Back-End: Node.js, Express.js, ASP.NET, C#, VB.NET
- Frameworks & Libraries: React.js, Express.js
- UX/UI Design: User Experience (UX) and User Interface (UI) design principles

Database Management:

- Oracle Databases
- SQL Server Databases
- MongoDB
- PostgreSQL
- Oracle APEX

Cybersecurity Skills & Certification

- **CompTIA Security+ (SY0-701) Trained:**
 - Security Concepts: CIA Triad, AAA, Non-Repudiation, Zero Trust
 - Network & Cloud Security: VPNs, Firewalls, WAF, SASE
 - Threat Mitigation: SIEM, vulnerability scans, incident response
 - Cryptography: Encryption, Hashing, PKI, Certificates
 - Governance & Compliance: Risk assessments, policies, BCP/DRP
- **Tools:** Kali Linux, Python scripting, TPM, SIEM, MFA, ACLs
- **Regulations:** Familiarity with NIST, GDPR, HIPAA, PCI-DSS

Server and Systems Management:

- Server infrastructure setup and management
- Information systems management

Networking (Previous Experience):

- CCNA (Cisco Certified Network Associate)
- CCNP (Cisco Certified Network Professional)
- MikroTik (RouterOS)

Additional Skills:

Mobile and Windows Applications:

- React Native
- Electron

AI Tools:

- Proficient in using AI tools to optimize workflows, streamline processes, reduce operational time, and enhance outcomes.

Software Proficiency:

- Microsoft Office Suite (Word, Excel, PowerPoint, Outlook).

Administrative Communication:

- Excellent in administrative correspondence and official letters between government departments.
- Proficient in general communication.

Soft Skills:

- Problem-solving and critical thinking
- Effective communication and teamwork
- Time management and organizational skills

EXPERIENCE

Presidency of Council of Ministers / Foundation of Martyrs - IT Engineer and Web Applications Developer

2016 - Present

- Developed and managed web applications to streamline governmental services.
- Implemented IT solutions to enhance operational efficiency.
- Utilized administrative skills to facilitate smooth inter-departmental coordination and project management.
- Negotiated with technical private companies to implement automation approaches and ensure quality assurance standards.
- Developed and deployed secure web-based government service platforms
- Integrated access control, secure authentication, and encrypted data flow
- Applied Security+ methodologies to assess and reduce risks
- Coordinated with vendors to ensure cybersecurity compliance

KOREK Telecom - Warehouse Manager and Field Communications Engineer

2014 - 2017

- Installed, maintained, and deployed GSM communication sites, rooftops, and ground fields.
- Managed inventory and logistics for telecommunications equipment.

EarthLink - Telecommunications

2013 - 2014

- OMC Engineering in Southern Iraqi Province Backbone.
- Managed and maintained internet communications infrastructure.

IT Office for Internet Services

2009 - 2011

- Installed and maintained software and hardware for internet services.
- Configured ISP networking setups and troubleshooting.

EDUCATION

Altinbas Kemerburgaz University

Istanbul, Turkey

Master of Science in Computer Engineering / Information Technologies

High Honor Student, GPA: 4.00

Graduated: 2023

Al-Mansour University College

Baghdad, Iraq

Bachelor of Science in Computer Communications Engineering

Graduated: 2013

CERTIFICATIONS

CompTIA Security+ (SY0-701) – 2025

35 hours – Udemy (Training Completed)

WAF FortiWeb Administration – 2025

20 hours – Istanbul, Turkey

The Complete 2024 Web Development Bootcamp – 2024

60 hours – Udemy

The Web Development Bootcamp – 2020

74 hours – Udemy

Cisco Certified Network Associate (CCNA) – 2018

60 hours – Local Certification

Cisco Certified Network Professional (CCNP) – 2018

60 hours – Local Certification

COMMUNICATION

Effective Verbal Communication:

- Skilled in delivering clear and concise information to diverse audiences, including technical and non-technical stakeholders.

Written Communication:

- Proficient in drafting official documents, reports, and emails with clarity and professionalism.

Negotiation Skills:

- Successfully negotiated with technical private companies to implement automation approaches and ensure quality assurance standards, enhancing operational efficiency.

Client Relations:

- Established and maintained productive relationships with clients, ensuring satisfaction and meeting project requirements effectively.

LEADERSHIP

Team Leadership:

- Led teams in IT projects, overseeing tasks, timelines, and ensuring deliverables met high standards of quality.

Project Management:

- Managed cross-functional teams to implement complex projects, achieving objectives on time and within budget.
- **Initiative Leadership:**
- Initiated and led process improvement initiatives, resulting in increased efficiency and cost savings.

Mentorship and Coaching:

- Mentored junior team members, fostering their professional growth and development within the organization.

Community Involvement:

- Acted as a leader in community or organizational settings, driving positive change and promoting collaboration.

Strategic Decision-Making:

- Made strategic decisions that contributed to the overall success and growth of projects or departments.
